

EXPERIENCES IN NATURE

Are you planning a company outing, an excursion with a school class or looking for something to do during the summer vacations? We can offer you exceptional activities: whether it's a **house or forest tour, an outdoor kitchen or a Junior Ranger Camp**.

We focus on **education for sustainable development**. The aim is to teach school classes, families and adults to think sustainably and to enable them to act sustainably.

ANNUAL HIGHLIGHTS

Plant exchange market: Exchange for surplus seedlings, cuttings, ornamental and useful plants or woody plants.

Jam market: In keeping with the motto "regional and homemade", there is a colorful selection of homemade jams, jellies and many other handmade specialties.

Hiking marathon: The 21 km hiking tour is a circular route through the picturesque landscape in the heart of the Palatinate Forest.

Christmas market on the 3rd Advent: A sustainable Christmas market in the middle of the Palatinate Forest. Exquisite delicacies and regional handicrafts in a romantic forest atmosphere.

CURRENT DATES CAN BE FOUND ON OUR WEBSITE.

HOUSE OF SUSTAINABILITY

Information center in the Palatinate Forest Biosphere Reserve

FOR YOUNG AND OLD,
FOR PEOPLE AND NATURE

THE HOUSE OF SUSTAINABILITY

is an information center run by Landesforsten in the Palatinate Forest Biosphere Reserve. Changing **exhibitions, a 3D landscape model, a variety of events and the attractive outdoor area** provide an understandable orientation on how everyone can actually anchor sustainable living in everyday life.

The modern wooden building embodies sustainability through the use of **building materials typical of the landscape**, such as wood, clay and red sandstone. The energy optimization of the house is achieved through the floor plan, the orientation and the use of **renewable energy sources**. Information on solar thermal and photovoltaic systems, wood pellet heating and use of rainwater is explained and freely accessible to visitors.

MODEL REGION OF THE FUTURE

UNESCO awards the title of "biosphere reserve" to special model regions. The **Palatinate Forest Biosphere Reserve** is one of more than 700 of these protected areas worldwide and one of 21 transboundary ones. A treasure on our doorstep! At its core, it is about **social and economic progress, the preservation of biodiversity and the preservation of cultural values**.

free entry!

Johanniskreuz 1a, 67705 Trippstadt

PFÄLZER WALDLADEN

We have set up a shop under the motto **Discover - Buy - Enjoy**. Here you will find: regional and organically produced food, small gifts, selected literature and games. Fancy some game? We stock ready-to-cook game meat for roasting or grilling, ham, sausage and much more all year round. We also have organic wine, spices, pasta, cookbooks and the stylish wooden serving board to go with it.

OUR POND TERRACE

When the weather is nice, the comfortable seating furniture made of certified wood under shady parasols invites you to enjoy a cup of coffee and **linger**.

NATURALLY

A variety of **native shrubs and herbs** as well as a **meadow orchard** adorn our outdoor area. Insect-friendly, climate-adapted, fragrant and colorful – a paradise for all the senses and an inspiration for your own garden.

MEETING PLACE AND CONFERENCE VENUE

A special conference venue in the green heart of the Palatinate Forest. Ideal for your **training courses, meetings and workshops**. In our conference room made of wood and clay, we offer space for 90 people for lectures or 30 people for seminars.

Insect meadow

Playground of the generations

Perennial garden

Bees

Photovoltaic system

Darkness measuring station

Barbecue Area

Pond terrace

Main entrance

Charging and repair station for e-bikes

PLAYGROUND OF THE GENERATIONS

An **activity and meeting place** for children, parents and grandparents alike. Hide and seek in the badger's den, romp around on the meadow, climbing or splashing around in the **water play area** make children's hearts beat faster. And while the little ones run around, adults can train their agility on the **fitness equipment**.

IT'S DARK HERE

Johanniskreuz is one of the darkest places in the biosphere reserve and is also easily accessible. Ideal conditions for **stargazing on nights** with a new moon!

GEISWIESE BIOSPHERE ADVENTURE CAMP

Our Geiswiese biosphere adventure camp is located in the middle of the forest by a small pond, a **near-natural campsite** for groups with lots of opportunities for exciting forest experiences.

IN THE SURROUNDING AREA

Right on our doorstep, you can immerse yourself in endless mixed forests, explore the **Mountainbike Park**, go on a pilgrimage along the **Jakobsweg** or hike the premium hiking trail **Pfälzerwald Pfadl** and the **Spurensuche Weg** around the Steinberg. You will find charging stations for electric cars and e-bikes in our parking lot.

WE LOOK FORWARD

TO YOUR VISIT!
